

HM-S3-ExxxHR

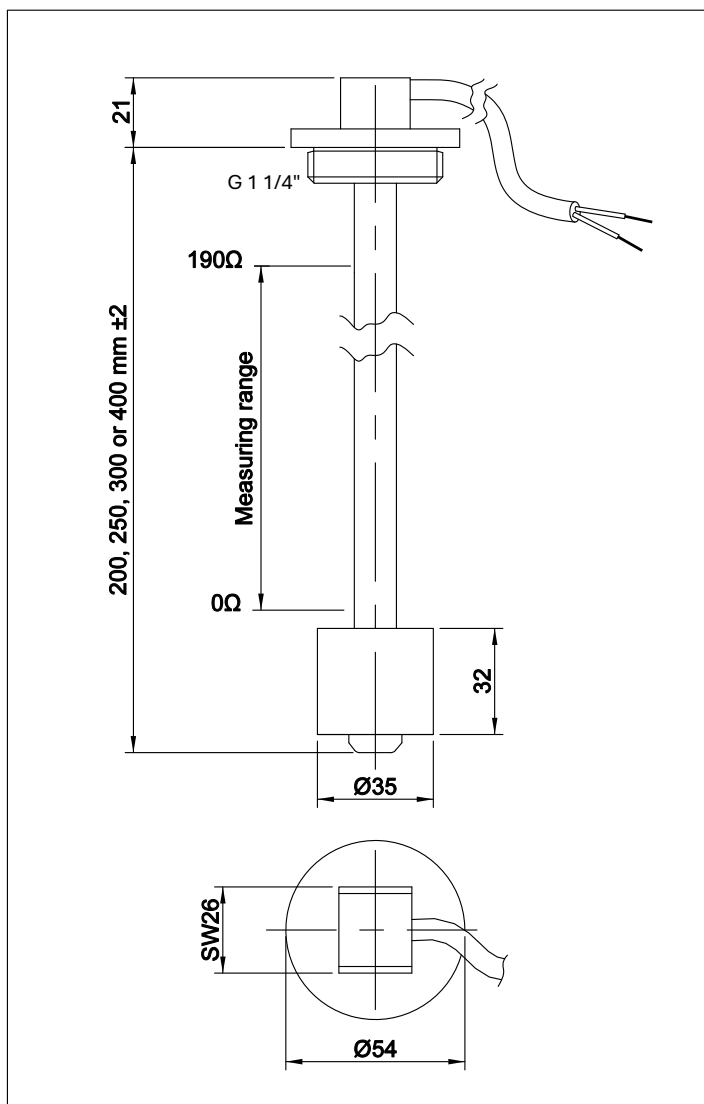

Analog float liquid level sensor with REED-technology. Suitable for most kinds of liquids.

Stainless steel construction, SUS-316

High resolution, 10mm

REED-chain without electronics

Standard length: 200, 250, 300 or 400mm

Option:
DW-AC-E4
(M12 connector field attached)
Ordered as a separate part

MATERIALS

Probe : SUS-316

Float : NBR

Fitting: SUS-316

Cable: 460mm PVC, 2x 0,75mm²

Temperature range: -40...85°C
